Leipzig, 20 Mai 2021

Dear City Councilors of the City of Herzliya,

esteemed colleagues,

with dismay we perceive the on-going frightful assaults by radical Islamists on the State of Israel and, above all, on the Israeli citizens.

Especially, we are appaled by the brutality that you as our friends in the City of Herzliya have to go through. Please be sure, that our hearts und thoughts are with you in these days of shameful violence.

We perceive every attack on the people in Herzliya and Israel as an attack on ourselves. We stand with you.

We hope for better days of peace and rest and we hope that the awful attacks will find an end immediatly.

Sincerely yours,

Fraction DIE LINKE
